NIPON—SOUTH COAST.

Occasional considerable indraught between Ōo sima and Mikomoto (Rock island).

The British Admiralty directs attention in No. 364 of 1890 to the occasional existence of a considerable indraught between Ōo sima and Mikomoto (Rock island) on the south coast of Nipon, generally during or after easterly winds, and particularly during the season of the south-west monsoon.

NOTE.—This is a phenomenon invariably experienced wherever there is a considerable bight included between two points, and especially when the normal direction of the currents is parallel to the shore, when they are easily diverted by the action of a lee shore wind; and warning of this particular instance has already been given in revised supplement, 1889, relating to China Sea Directory, Vol. IV, page 12; but the loss of several vessels off this coast from setting a course from light to light, with very small allowance for drift, appears to point to the necessity of issuing a special notice.

Lights on Cape Everard.

THE British Admiralty has given notice (No. 342 of 1890) that on 1st July 1890 the following lights would be exhibited:—

Cape Everard principal light is a *double flashing white* light with sectors of *red* light showing a *double flash every thirty seconds*, and elevated 185 feet above the sea. The *white* light is visible seaward through an arc of 188°; the sectors of *red* light illuminate arcs about 1½ miles seaward from the coast line, both eastward and westward of the light-house.

The illuminating apparatus is by reflectors of the first order.

The light-house, of concrete, and white in colour, is 98 feet high.

Approximate position, lat. 37° 48' 5" S., long. 149° 16' 30" E.

Also that an *auxiliary fixed red light*, to cover outlying dangers, and visible seaward through an arc of 188° , is exhibited from a lower part of the light-house. This light is not seen seaward, by an observer 14 feet above the sea, until within the distance of about 2 miles from the light-house.

CAUTION.—The red lights are to warn Mariners of their too close proximity to the shore, or to outlying dangers off the light-house.

Night signals—Colombo harbour.

THE Colonial Government of Ceylon has given notice that on and after 1st August next, the following signals will be made at night from the Pilots' lookout tower at the Flagstaff, in answer to signals for a Pilot made by vessels inward bound:—

1. One blue light, to signify that the Pilot on night duty is disengaged, and will proceed at once to the vessel making the signal.

2. Two blue lights in succession with a short interval between, to signify that the Pilot is engaged with another vessel, and may be delayed some time in getting out to the vessel making the signal.

3. Three blue lights in succession with a short interval between, to signify that a Pilot will not go out, the weather being too bad for safely boarding a vessel at night, an event, however, which seldom happens. Under such circumstances the vessel should either anchor well out, or keep underweigh till daylight.

Shoal eastward of Proudfoot shoal.

THE British Admiralty has given notice (No. 323 of 1890) that telegraphic information has been received from Commander L. S. Dawson, H. M. Surveying Vessel *Rambler*, of the existence of a shoal with a depth of 24 feet over it, lying in the Western approach to Torres strait, with Proudfoot shoal bearing W. $\frac{1}{2}$ S., distant about 8 miles.

Approximate position, lat. $10^{\circ} 31' S.$; long. $141^{\circ} 37' E.$

This position is 3 miles W.N.W. of the rock, with about 18 feet on it, reported in Notice to Mariners No. 243 of 1890, 15 miles W. by N. of Booby island, and it is not improbable that the two are identical, as *Rambler* was directed to verify the former report.

No. 1234B.

NOTIFICATION.

SEALED tenders will be received at this Office up to noon of Thursday, the 21st August 1890, for removing all the chests of abkaree and provision opium which may be brought down to the Presidency from the Patna and Ghazipore Opium Factories by railway, during the period of one year from the 1st September 1890, from the East Indian Railway Company's wagons at Howrah and from the ferry steamer at Armenian Ghât (as may be necessary) to the Government Godowns situated within the Custom House premises, and also to the new Opium Godowns at Koila Ghât, and then stacking them as the intendant in charge shall, from time to time, direct.

2. The tenders should state the rate per 100 chests; all charges to be incurred to be included. The person whose tender may be accepted will have to deposit security to the amount of one thousand rupees, and supply seventy good English tarpaulins (15' x 10') for covering the chests during transit in case of rain.

3. The Board of Revenue do not bind themselves to accept the lowest or any tender.

By order of the Board of Revenue, L.P.,

CALCUTTA, the 9th August 1890.

No. 39B.

CIRCULAR ORDER.

SIR H. L. HARRISON, K.T.

Dated Calcutta, the 12th August 1890.

THE passes or delivery orders issued by the Board for opium sold at the Government monthly sales are, prior to the delivery of the opium specified therein from the Government presidency godowns, held negotiable; and, as a matter of fact, like all negotiable documents, change hands in the market by endorsements. When the opium specified in a pass is intended to be taken out from the Government godowns for immediate shipment, the pass is cancelled at the Board's office, and a subsidiary document called "certificate" is issued along with it, intimating that the opium covered by it is to be shipped immediately (or rather within the four days for which it is current) by the individual or the firm mentioned in the certificate as the "present owner."

2. According to the usage generally observed by the trade, the certificate so issued for shipment does not appear to be used as a negotiable instrument. It follows that the delivery order or pass also is not negotiable after it has been stamped "cancelled," but that the opium must be delivered to the individual or the firm whose name appears in the immediate shipment certificate. This is what is usually done, as explained above, but it appears that, in a few instances, the certificate for immediate shipment has been transferred, by endorsement, by the firm mentioned therein as "the present owner," and that the kindred pass or delivery order has also been similarly transferred subsequent to its cancellation by the Board. The Board therefore, after consulting the principal firms concerned in the opium trade and ascertaining that there is no necessity, so far as the exigencies of the trade are concerned, to treat the shipment pass as transferable, have decided absolutely to prohibit such transfers in future. At the time of cancelling a pass or delivery order, the last endorsement on it will henceforth be stamped "final."

By order of the Board of Revenue, L.P.,

K. G. GUPTA;

Secretary.

NOTIFICATION BY THE COMPTROLLER-GENERAL

NOTICE.

THE $4\frac{1}{2}$ per cent. Government Securities of 1878 and 1879 can be discharged at par on or after 15th September 1893 (after three months' notice).

Government offers to any holder of these Securities who chooses to accept the offer before 30th December—

- (1) The same amount of 4 per cent. paper.
- (2) The difference in advance between 4 and $4\frac{1}{2}$ per cent. interest up to 14th September 1893 (i.e., Re. 1-12, if the tender is made before 15th September, and Re. 1-8 if it is made on or after that date).
- (3) Brokerage at 4 annas per cent., which is payable to the person who tenders the Securities, whether principal or agent.

The interest on the 4 per cent. notes given in exchange will run from 30th June if the notes are tendered before the 15th September, and from 31st December if the notes are tendered on or after the 15th September, and the interest from 15th March to 29th June, or from 15th September to 30th December, as the case may be, will be paid when the new Securities are delivered.

The $4\frac{1}{2}$ per cent. Securities may be tendered at any treasury which will send them to the Public Debt Office, and obtain, as soon as possible, and deliver to the proprietor the 4 per cent. paper to be given in exchange. Full instructions as to procedure can be obtained, and further details can be learned on application, at any Government Treasury.

NIPON—SOUTH COAST.

Occasional considerable indraught between Ōo sima and Mikomoto (Rock island).

THE British Admiralty directs attention in No. 364 of 1890 to the occasional existence of a considerable indraught between Ōo sima and Mikomoto (Rock island) on the south coast of Nipon, generally during or after easterly winds, and particularly during the season of the south-west monsoon.

NOTE.—This is a phenomenon invariably experienced wherever there is a considerable bight included between two points, and especially when the normal direction of the currents is parallel to the shore, when they are easily diverted by the action of a lee shore wind; and

warning of this particular instance has already been given in revised supplement, 1889, relating to China Sea Directory, Vol. IV, page 12; but the loss of several vessels off this coast from setting a course from light to light, with very small allowance for drift, appears to point to the necessity of issuing a special notice.

Lights on Cape Everard.

THE British Admiralty has given notice (No. 342 of 1890) that on 1st July 1890 the following lights would be exhibited:—

Cape Everard principal light is a *double flashing white* light with sectors of *red* light showing a *double flash every thirty seconds*, and elevated 185 feet above the sea. The *white* light is visible seaward through an arc of 188° ; the sectors of *red* light illuminate arcs about $1\frac{1}{2}$ miles seaward from the coast line, both eastward and westward of the light-house.

The illuminating apparatus is by reflectors of the first order.

The light-house, of concrete, and white in colour, is 98 feet high.

Approximate position, lat. $37^{\circ} 48' 5''$ S., long. $149^{\circ} 16' 30''$ E.

Also that an *auxiliary fixed red* light, to cover outlying dangers, and visible seaward through an arc of 188° , is exhibited from a lower part of the light-house. This light is not seen seaward, by an observer 14 feet above the sea, until within the distance of about 2 miles from the light-house.

CAUTION.—The *red* lights are to warn Mariners of their too close proximity to the shore, or to outlying dangers off the light-house.

C. C. STEVENS,

Offg. Chief Secy. to the Govt. of Bengal.

No. 1191, dated Simla, the 20th June 1890.

NOTIFICATION—By the Government of India, Home Department.

In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, the Governor-General in Council is pleased to direct the substitution of the following rule for Rule 6 (vi) of the rules to regulate the transport and importation of explosives, published in Home Department Notification No. 1417, dated the 24th June 1887:—

Subject to the exception provided for in clause (e), no explosives shall be conveyed by passenger train except of the kinds and in the manner hereinafter specified in this rule:

- (a) Safety cartridges and percussion-caps and safety-fuse (for blasting), also fog-signals for railway use, which may be conveyed in ordinary wagons or carriages.
- (b) Dynamite, which may be carried in the form of cartridges up to the limit of 5lbs. provided that no detonators are carried in the same compartment.
- (c) Detonators, which may be carried to the number of 200, provided that in no case the amount of fulminate of mercury in the package or packages containing the detonators exceeds in the aggregate 8 oz. (a certificate to this effect being given by the company, firm or person tendering the detonators for transport or by its or his agent), provided also that no dynamite is carried in the same compartment.
- (d) Sporting gunpowder or non-safety cartridges packed in double cases as before provided, so long as the gunpowder is contained in one-pound tin canisters packed in stout wooden case with an outer covering of tin or zinc completely spark-proof, or in metal-lined cases of a pattern approved by the Railway Administration. But no outer case shall contain more than 25lbs. of gunpowder, and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80lbs.
- (e) Explosives may be carried by mixed trains on any line on which goods trains are not running, subject to the conditions that not more than one vehicle containing explosives is forwarded at any one time by a mixed train; that the precautions prescribed for conveyance by goods trains are observed; and that directly a wagon containing explosives arrives at a section on which goods trains are running, it is detached from the mixed train.

NIPON—SOUTH COAST.

Occasional considerable indraught between Ōo sima and Mikomoto (Rock island).

THE British Admiralty directs attention in No. 364 of 1890 to the occasional existence of a considerable indraught between Ōo sima and Mikomoto (Rock island) on the south coast of Nipon, generally during or after easterly winds, and particularly during the season of the south-west monsoon.

NOTE.—This is a phenomenon invariably experienced wherever there is a considerable bight included between two points, and especially when the normal direction of the currents is parallel to the shore, when they are easily diverted by the action of a lee shore wind; and

warning of this particular instance has already been given in revised supplement, 1888, relating to China Sea Directory, Vol. IV, page 12; but the loss of several vessels off this coast from setting a course from light to light, with very small allowance for drift, appears to point to the necessity of issuing a special notice.

In accordance with the Government of Bengal notification of the 23rd July 1887, notice is hereby given that the next Half-yearly Examination of Compounders will be held at 11 A.M. on Monday, the 10th November 1890, at the Campbell Medical School.

2. Every candidate must produce one of the following certificates:—

- From the Superintendent of a Vernacular Medical School, that he has attended regularly for one year the Compounder class of the school;
- From the legally qualified Medical Manager of a Chemist's and Druggist's establishment, recognized by the Inspector-General of Civil Hospitals, Bengal, that he has been apprenticed for a period of three years in his establishment; or
- From a Civil Surgeon, that he has assisted in the dispensing of drugs at the Sudder dispensary of a civil station for a period of five years.

3. Applicants must register their names and submit their certificates, together with a fee of Rs. 3, at least one week before the 10th November 1890, at the Office of the undersigned.

Note.—The students belonging to the Compounder class of a Vernacular Medical School will be exempted from paying this fee on producing a certificate from the Superintendent that they have already paid the school entrance fee.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

N.B.—The attention of candidates is drawn to Rule 5, section (b) of the Government notification of the 23rd July 1887, or paragraph 2 (b) of this notification, from which they will observe that the Chemists' and Druggists' establishments, from the legally qualified Medical Managers of which they obtain their certificates, will have to be recognized by the Inspector-General of Civil Hospitals, Bengal, prior to the candidates applying to the Superintendent to register their names to appear at the examination.

NOTIFICATION.

The 6th September, 1890.—The following correspondence regarding new regulations respecting the Gilchrist Scholarships for the benefit of Natives of India, is published for general information.

P. NOLAN,

Secretary to the Govt. of Bengal.

No. 582n, dated Simla, the 28th August 1890.

From—J. P. HAWKES, Esq., Under-Secretary to the Government of India, Home Department,

To—The Secretary to the Government of Bengal, General Department.

In continuation of Home Department Circular No. ¹⁰540-49, dated 23rd November 1889,

No. 85 (Public-Educational), dated 17th July 1890.

I am directed to forward the accompanying copy of a despatch from Her Majesty's Secretary of State, and of its enclosures, and to request that the new regulations respecting the Gilchrist Scholarships for the benefit of Natives of India may be communicated to the Educational authorities in Bengal.

No. 86. (Public-Educational), dated London, the 17th July 1890.

From—Her Majesty's Secretary of State for India,

To—His Excellency the Most Hon'ble the Governor-General of India in Council.

With reference to your Education Despatch No. 8, dated the 26th of November last.

7th July 1890.

I transmit for the information of your Excellency in Council
a copy of a letter* from the Gilchrist Educational Trust
forwarding copies of the Regulations respecting the new Scholarships for the benefit of
Natives of India.

2. I request that your Government will cause copies of these new Rules to be distributed to the several Indian Universities concerned.

GILCHRIST EDUCATIONAL TRUST.

No. 1167 J. & P., 4 The Sanctuary, Westminster Abbey S. W., dated 7th July 1890

From—R. D. ROBERTS, Esq., Secretary.

To—The Under-Secretary of State for India.

I AM directed by the Trustees to inform you that they have now settled the new scheme of Indian Scholarships, and have drawn up the Regulations of which I enclose copies.

They have embodied in these Regulations the suggestions made in the Despatch from the Government of India transmitted to them from the India Office on December 21st, 1889 (J. & P.-2208).

The draft Regulations, of which these are the final form, were submitted to the various Indian Universities, as well as the Government of India, and have met with their approval.

The Trustees venture to hope that the new Scholarships thus established will prove still more useful to Natives of India than the old Scholarships.

As in former cases, the Trustees hope that you will be so good as to cause these new Regulations to be distributed to the several Indian Universities concerned.

[All communications to be addressed to

The Secretary of the Gilchrist Educational Trust,

Rules and conditions relating to Scholarships instituted by the Gilchrist Educational Trust for the benefit of Natives of India.

[These Scholarships are open to Women upon exactly the same conditions as to Men.]

1. Three Scholarships of the value of £200 per annum will be awarded, one every year, to candidates who are natives of India (within the meaning of section 6* of the Statute 33 Vict., cap. 8), or of the "Native States" of India. They shall each be tenable for three years at any University or any Science or Technical College in Europe (approved by the Trustees in each case), on condition that the scholar shall undertake to go through the course and pass the examinations necessary for obtaining a definite Science degree or diploma as may be prescribed by the Trustees. The nomination to these scholarships will rest with the Universities of Calcutta, Madras, and Bombay in rotation, subject to the conditions hereinafter specified.

2. A scholarship will be given every third year on like conditions, the nomination of suitable candidates for which will rest with the Universities of the Punjab and Allahabad jointly. Each of these Universities may submit to the Government of India the name of one candidate, and the actual nomination to the scholarship shall be made from the names submitted by the Government of India.

3. The scholarships will be given (during the next few years) in the following rotation:—

1891	...	Calcutta, Punjab and Allahabad.
1892	...	Bombay.
1893	...	Madras.
1894	...	Calcutta, Punjab and Allahabad.
1895	...	Bombay.
1896	...	Madras.

* The provision in the section is as follows:—"That for the purpose of this Act the words 'natives of India' shall include any person born and domiciled within the dominions of Her Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only; and that it shall be lawful for the Governor-General in Council to define and limit from time to time the qualification of Natives of India thus expressed."

This rotation is arranged to avoid, as far as possible, giving to any University a Gilchrist Scholarship in the same year as a Government Scholarship: but it may possibly happen occasionally that a scholarship may fall to be given by a University in the same year as a Government Scholarship.

4. (a) Each University shall make its nomination from among the more distinguished of its graduates of the three preceding years, who shall not be more than 22 years of age on the 1st of July in the year in which the scholarship is awarded. Of these, that graduate shall be selected who has done especially well in Science or Mathematics and is desirous of pursuing—and is most likely to benefit by—a further course of scientific study in Europe. Provided that no person holding a Government of India Scholarship, tenable in England, shall be eligible, or shall continue to hold a Gilchrist Scholarship, after he has accepted a Government of India Scholarship.

(b) Probably the results of the examinations of the three preceding years will be a sufficient guide to the University in making the selection; but it will be open to each University to consider whether a special examination shall be held, although the Trustees hope that this will be avoided, if possible. If a special examination is held, all the necessary arrangements for it must be made by the University holding it; but the regulations which any University may propose to lay down in regard to such examinations must receive the previous approval of the Gilchrist Trustees. No examination should be held later than the month of June in any year, it being essential that all nominations should be made so as to afford the scholar nominated a sufficient interval to complete his arrangements and to reach England in time for the Autumn term at the Universities and Colleges. The candidates for the special examinations, when such examinations are held, must be graduates of proved ability, selected by the Vice-Chancellor on the report of the Syndicate or governing body, who will in their turn be guided by the opinion of the Professors and Examiners.

5. Every candidate for a scholarship will be required to satisfy the Vice-Chancellor of the University as to his good conduct, his knowledge of the English language, his physical capacity to undergo the course of life and study which he will have to follow in Europe; he must also satisfy him of his intention, if successful, to proceed to England forthwith, and to reside in Europe for a period of three years, unless compelled to return sooner by ill-health or some other cause which may seem sufficient to the Gilchrist Trustees.

6. Each scholar will be provided by the Government of India with a free passage to England. The Gilchrist Trust will provide a return passage (at the end of the three years) at a cost not exceeding £50, provided that the scholar shall have fulfilled the conditions of his scholarship; but the scholar will not be entitled to claim any difference between the actual cost of passage and the amount above named.

7. Each scholar must enter into a written engagement to submit to such regulations as may from time to time be issued by the Gilchrist Trustees for the guidance of the scholars.

8. The tenure of the scholarships will be strictly dependent on good conduct in Europe, and on satisfactory progress being made in study. The Gilchrist Trustees reserve to themselves the right of finally deciding whether a scholar has or has not committed a breach of the rules and conditions on which his scholarship is held, as also all questions which may from time to time arise, whether expressly provided for in the rules and regulations or not. They further reserve to themselves the power of altering the conditions of the scholarships, or of altogether withdrawing them, if they shall think fit. Due notice of any alterations will be given, and changes will not be made in such a manner as to affect the interests of students already appointed to scholarships.

On the nomination of a scholar being completed, the University or the Government of India (as the case may be) nominating him should communicate his name and address to the Secretary of the Gilchrist Trust, 4 The Sanctuary, Westminster, London. If the nomination is made after examination, the number and names, &c. of the candidates from whom the selection was made should also be communicated.

N.B.—One of the Gilchrist Trustees* will personally see each Gilchrist scholar as soon as possible after he has reported his arrival at the office of the Trustees, and will confer with him upon the course he may propose to pursue and the University or College to be selected.

Regulations for Gilchrist Indian Scholars in England.

(1) Every scholar shall, on reaching England, at once present himself at the office of the Gilchrist Trust and report his arrival. He shall be provided with an official certificate of identity signed by the Registrar of the University by which he is nominated, or by a Secretary or Under-Secretary to Government.

(2) Every scholar shall, on arriving in England, submit for the approval of the Gilchrist Trustees a statement showing the general course of study he proposes to follow; and specifying the University or College to which he proposes to proceed. After consideration of such statement, the Trustees will decide at what University, or Science or Technical college in Europe the scholarship shall be tenable, and will prescribe the course to be gone through and the degree or diploma to be obtained. Every scholar shall at once take steps to enter himself at the University or College which the Trustees shall have approved. The course finally prescribed by the Trustees shall not be changed without their sanction.

(3) Every scholar shall, at the end of each University or College term, send to the Secretary of the Gilchrist Trust a certificate from the proper University or College authority, showing that his residence, conduct, and progress in study have been satisfactory during the term.

* Professor James Stuart, M.P., has undertaken this function for the present.

(4) Every scholar shall at all times obey such instructions as he may receive from the Gilchrist Trustees or their Secretary.

(5) The scholarship allowance, at the rate of £200 a year for three years, will be paid quarterly, in advance, by the Gilchrist Trust, commencing from the date when the scholar reports his arrival in England.

(6) Every scholar will forfeit his scholarship, who, not being disabled by illness or prevented by any other cause which the Gilchrist Trustees may consider sufficient, fails to complete a residence of three years in Europe, or who is at any time guilty of misconduct or disregard of the orders of the Gilchrist Trustees. If a scholarship be forfeited, the scholar will lose his claim to a free return passage to India.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTIFICATION—No. 227 Marine.

The 3rd September 1890.—In exercise of the power conferred by section 5 of the Indian Explosives Act, IV of 1884, the Lieutenant-Governor of Bengal is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the transport and importation of explosives in the Port of Calcutta.

These rules are supplementary to the rules relating to the transport and importation of explosives made by the Governor-General in Council, and published under Home Department Notification No. 1417, dated the 24th June 1887.

J. M. McNEILE, Col., R.E.,
Secretary to the Government of Bengal.

N. B.—"Explosive" as defined in section 4, Act IV of 1884, and as used in these rules—

- (a) means gunpowder, nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect; and
- (b) includes fog-signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions, and every adaptation or preparation of an explosive as above defined.

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosive, as defined in section 4, Act IV of 1884, except 15lbs common gunpowder in addition to 12 rockets and 12 blue-lights. All explosives which vessels are by this rule permitted to keep on board shall be stored in a copper magazine, out of risk of fire and explosion.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of 15lbs of common gunpowder, in addition to 12 rockets and 12 blue-lights, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port which shall have on board any explosive in contravention of these rules shall be liable to a fine which may extend to the sum mentioned in clause (a) or clause (b), as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

3. Explosives of classes 1, 6, and 7, as laid down in the rules issued under Government of India Notification No. 1417, dated 24th June 1887, that is to say, gunpowder, ammunition and fire-works, in excess of the quantity prescribed in Rules 1 and 2, shall be landed and deposited in the magazine at Moyapore.

4. For the convenience of vessels having ship's gunpowder on board, a properly constructed powder-boat will be always in attendance off the magazine for landing and shipping the powder. No charge will be made for the use of the boat for landing ship's powder, but the responsibility of the keeper in respect of the ship's powder shall not commence until it is landed on the bank, and shall cease as soon as it is shipped on board the boat. Every precaution will be taken to insure the safety of the powder while in the boat, but the landing and shipping shall be at the risk of the vessel.

5. Vessels bringing consignments of trade explosives shall be allowed the use of the magazine boat; but should passing vessels require the use of the boat to put out or take in ship's powder, such vessel shall be accommodated before the boat can be used to discharge explosives brought as cargo. The landing of such consignments, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing or until the consignments are stored in the magazine.

6. Explosives specified in the first division, class 6 of the rules, published under Government of India's Notification No. 1417, dated 24th June 1887, viz., safety cartridges, safety fuses for blasting, railway fog-signals, and percussion caps, brought as part of a general cargo, and which have been placed on board the vessels while lying in dock at ports of shipment, may be brought into port and landed at the docks or jetties in accordance with the regulations prescribed in that behalf in the Port Commissioners' Bye-laws.

7. In order to avoid unnecessary detention, masters of vessels requiring the use of the powder-boat shall hoist a flag at the foretopmast head on coming in sight of the magazine as a signal to the keeper to have the boat and coolies in attendance.

8. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ships' gunpowder previously to their being landed: if not marked, they shall not be received by the magazine boat.

9. Explosives shall not be landed or received into, or delivered from, the magazine when artificial lights are required to be used.

10. The magazine-keeper shall give to the master of any vessel landing explosives at the magazine a receipt for the number of packages, and the magazine-keeper shall be accountable to such master for the re-delivery of such packages.

11. Before entering the limits of the port, the master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive exceeding the quantity prescribed in these rules.

12. A clerk shall be always in attendance in the powder-boat, and shall receive from the master the declaration specified in the foregoing rule.

13. If any vessel shall be prevented, by stress of weather, or by being in distress, from landing or depositing such explosives in excess of the quantity allowed as aforesaid, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matteenbrooj Ghât, and the master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

14. Masters of vessels outward bound who may require ship's gunpowder for their outward voyage shall not take such powder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding 15lbs of common gunpowder in addition to 12 rockets and 12 blue-lights.

15. Masters of vessels who have deposited ship's powder at the magazine shall inform the Harbour Master of the date on which the vessel will pass the magazine outward bound, and on receipt of this information orders shall be forwarded to the keeper to place the powder in the boat and send it off in such time as to avoid any detention of the outward-bound vessel. Before taking the powder on board, the receipt granted by the magazine-keeper shall be given up.

16. Boats shall be permitted to take on board at the Moyapore magazine and bring as far as Neemuck Mehal Ghât, under cover of passes to be granted by the Commissioner of Police and the Port Commissioners, 50lbs of trade gunpowder, the property of dealers and consignees.

17. Delivery of trade powder into boats at the Moyapore magazine for conveyance to Calcutta shall only be granted upon orders issued by the Port Commissioners.

18. No boat containing powder under the provisions of Rules 17 and 18 shall be allowed to proceed above Neemuck Mehal Ghât. All such powder shall be landed at Neemuck Mehal Ghât, and no powder shall be landed at any other ghât, except with the special permission of the Port Commissioners.

19. No smoking, and no fire or light of any description, except the red lamp between sunset and sunrise, shall be permitted on board of any boat having explosives on board.

20. No explosives shall be landed within the port at any time when artificial lights are required to be used.

21. Masters of vessels having on board explosives belonging to the following classes, as laid down in the rules prescribed in the notification of the Government of India, Home Department, No. 1417, dated 24th June 1887, must make their own arrangements for the discharge of the explosives:—

- CLASS 2.—Nitrate mixture.
- " 3.—Nitro compound.
- " 4.—Chlorate mixture.
- " 5.—Fulminate.

22. Explosives of the classes specified in the foregoing rule shall not be landed at the Moyapore magazine, and shall only be allowed to enter and pass through the port under the supervision of the Port Police and subject to such restrictions as may from time to time be ordered by the Commissioner of Police and the Port Commissioners in addition to the restrictions laid down in the rules promulgated by the Government of India under Notification No. 1417, dated 24th June 1887.

23. Boats containing explosives of the classes specified in the two foregoing rules shall in no case anchor within port limits, or be made fast at any part of the river bank or alongside any vessel, stage, jetty, or pier within the limits of the port. Such boats, if allowed to enter port, shall proceed direct through the port to the place licensed by the Local Government for the landing and storage of the explosives.

NOTIFICATION—No. 238Mne.

The 9th September 1890.—In exercise of the powers conferred upon him by section 6 of Act X of 1889 (the Indian Ports Act), the Lieutenant-Governor intends to make the following rules under sub-section 1, clause (c) of that section for regulating the employment of persons engaged in cleaning or painting vessels, or in working in the bilges, boilers, or double bottoms of vessels in the Port of Calcutta. The rules will be taken into consideration on the expiry of one month after their first publication in the *Calcutta Gazette*, and the Local Government will receive and consider any suggestions or observations that may be made concerning them before the expiry of that period.

During the months of April to October no European seaman or apprentice shall be employed during the hot hours of the day upon work necessitating direct exposure to the sun.

Masters of vessels requiring work to be performed in bilges, boilers, and double bottoms shall be responsible that such places are free from all dangerous and obnoxious gases, &c., before the men are sent to work in them.

Before sending seamen, apprentices, or labourers into the holds of vessels, the hatches of which have been closed for over 12 hours, precautions shall be taken, especially with vessels loading grain in the rainy season, to ascertain by lowering a light the state of the air in the hold. A rope shall be fastened to the first man sent down, and the same precaution shall be taken in any case where men are sent below to assist in the rescue of men who have become insensible when working in a hold, fore-peak, or locker in which foul air may have collected or noxious gases may have been generated.

New Channel—upper end of Central island.

THE Portmaster, Brisbane, has given notice (No. 24 of 1890) that a New Channel has opened out near the Upper End of Central Island, carrying 7 feet at low-water spring tides.

Directions.

By Night.—In passing the Upper End of Central Island, keep the two white leading lights, which will open out on the South, in a line: this will lead 60 feet from the Upper End of Central Island, and 200 feet clear of Hawk point. Vessels must be careful not to get above the line of the two white lights in passing the end of Central Island. A black buoy is laid 300 yards below the line of lights.

By Day.—The beacons upon which the lights are exhibited are to be kept in line. The Old Channel will be kept buoyed and lighted as heretofore for a fortnight.

NOTIFICATION.

The 16th September 1890.—The following Rules for the Subordinate Executive Service Examinations, to be held in 1891, are published for general information:—

1. An examination of candidates for appointment as Deputy Collectors will be held in Calcutta, in March 1891, on dates to be notified hereafter. The following classes of candidates will be admissible to the examination:—

(a) Persons who have passed the B. A. Examination of the Calcutta University, or who can produce satisfactory evidence of having received education up to an analogous standard, provided that they are not more than 25 years of age on the 1st January 1891. The limit of age will not be enforced in the case of candidates who are already gazetted officers of Government, and who satisfy the other conditions of eligibility.

(b) Persons whose names are included in the Secretariat lists of candidates registered for appointment as Deputy Magistrates and Deputy Collectors, provided that they are not more than 30 years of age on the 1st January 1891.

2. No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Subordinate Executive Service.

II.—That he is of good moral character.

III.—That he belongs to a respectable family.

IV.—That he produces a certificate of ability to ride, signed by a District Officer.

3. Applications for permission to appear at the examination must be sent not later than the 1st February next to the Under-Secretary in the Appointment Department. Each application must be accompanied by a fee of Rs. 10, and by satisfactory proof that the candidate fulfils the conditions specified above. The certificate of health may, however, be submitted later. It should be signed either by the Civil Surgeon of the district in which the

candidate ordinarily resides, or by one of the Professors of the Calcutta Medical College Hospital. Candidates desiring to present themselves for medical examination at the Medical College Hospital should state their desire in their applications, and they will then receive the necessary permission from the Under-Secretary in the Appointment Department. The fee for medical examination will in all cases be Rs. 4.

4. The subjects of the examination will be as follows:—

FIRST DAY.

MORNING.

English Essay.—Candidates will be required to write an essay on one only of two or three subjects to be given out on the day of the examination. In awarding marks in this paper, the examiners will take into consideration the following points:—

III.	History and Political Economy	200
IV.	(a) Literature and Philosophy, or (b) Physics and Chemistry	200
V.	Law	200
Total					1,100

6. After the results of the examination have been ascertained, a list will be prepared of the candidates selected for appointment in the year 1891. The list will be composed as follows:—(a) the first four candidates on the list in order of merit; (b) two others, to be selected by the Lieutenant-Governor from among those candidates who have obtained not less than one-third of the marks; (c) two Special Deputy Collectors or Sub-Deputy Collectors selected by the Lieutenant-Governor for promotion. The names of these eight candidates will be arranged in a combined list in such order as the Lieutenant-Governor may direct; and according to the position assigned to them in that list they will be appointed to fill vacancies in the Subordinate Executive Service as they occur. Should more than eight vacancies arise during the year, the excess appointments will be given to qualified candidates selected by the Lieutenant-Governor.

7. Selected candidates, not already in Government service, will at once be employed as probationers on a subsistence allowance of Rs. 50 a month.

8. An examination of candidates for appointment as Sub-Deputy Collectors will be held in March 1891.

9. The following classes of candidates will be admissible to the examination, provided that their age does not exceed 30 years :—(a) those whose names have been registered as candidates for appointment as Sub-Deputy Collectors; (b) those registered candidates for appointment as Deputy Collectors who may intimate before the examination their desire to compete for appointment as Sub-Deputy Collectors; and (c) candidates selected from the list of applicants for registration.

10. Certificates of health, moral character, social position, and ability to ride will be required from all candidates.

11. Applications for permission to appear at the examination should be submitted in the manner indicated in Rule 8.

12. The subjects of the examination will be as follows :—

NOTIFICATION—No. 227 Marine.

The 3rd September 1890.—In exercise of the power conferred by section 5 of the Indian Explosives Act, IV of 1884, the Lieutenant-Governor of Bengal is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the transport and importation of explosives in the Port of Calcutta.

These rules are supplementary to the rules relating to the transport and importation of explosives made by the Governor-General in Council, and published under Home Department Notification No. 1417, dated the 24th June 1887.

J. M. McNRILE, *Col., R.E.*,
Secretary to the Government of Bengal.

N. B.—“Explosive” as defined in section 4, Act IV of 1884, and as used in these rules—

- (a) means gunpowder, nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect; and
- (b) includes fog-signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions, and every adaptation or preparation of an explosive as above defined.

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosive, as defined in section 4, Act IV of 1884, except 15lbs common gunpowder in addition to 12 rockets and 12 blue-lights. All explosives which vessels are by this rule permitted to keep on board shall be stored in a copper magazine, out of risk of fire and explosion.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of 15lbs of common gunpowder, in addition to 12 rockets and 12 blue-lights, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port which shall have on board any explosive in contravention of these rules shall be liable to a fine which may extend to the sum mentioned in clause (a) or clause (b), as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

3. Explosives of classes 1, 6, and 7, as laid down in the rules issued under Government of India Notification No. 1417, dated 24th June 1887, that is to say, gunpowder, ammunition and fire-works in excess of the quantity prescribed in Rules 1 and 2, shall be landed and deposited in the magazine at Moyapore.

4. For the convenience of vessels having ship's gunpowder on board, a properly constructed powder-boat will be always in attendance off the magazine for landing and shipping the powder. No charge will be made for the use of the boat for landing ship's powder, but the responsibility of the keeper in respect of the ship's powder shall not commence until it is landed on the bank, and shall cease as soon as it is shipped on board the boat. Every precaution will be taken to insure the safety of the powder while in the boat, but the landing and shipping shall be at the risk of the vessel.

5. Vessels bringing consignments of trade explosives shall be allowed the use of the magazine boat; but should passing vessels require the use of the boat to put out or take in ship's powder, such vessel shall be accommodated before the boat can be used to discharge explosives brought as cargo. The landing of such consignments, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing or until the consignments are stored in the magazine.

6. Explosives specified in the first division, class 6 of the rules, published under Government of India's Notification No. 1417, dated 24th June 1887, viz., safety cartridges, safety fuzes for blasting, railway fog-signals, and percussion caps, brought as part of a general cargo, and which have been placed on board the vessels while lying in dock at ports of shipment, may be brought into port and landed at the docks or jetties in accordance with the regulations prescribed in that behalf in the Port Commissioners' Bye-laws.

7. In order to avoid unnecessary detention, masters of vessels requiring the use of the powder-boat shall hoist a flag at the foretopmast head on coming in sight of the magazine as a signal to the keeper to have the boat and coolies in attendance.

8. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ships' gunpowder previously to their being landed: if not marked, they shall not be received by the magazine boat.

9. Explosives shall not be landed or received into, or delivered from, the magazine when artificial lights are required to be used.

10. The magazine-keeper shall give to the master of any vessel landing explosives at the magazine a receipt for the number of packages, and the magazine-keeper shall be accountable to such master for the re-delivery of such packages.

11. Before entering the limits of the port, the master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive exceeding the quantity prescribed in these rules.

12. A clerk shall be always in attendance in the powder-boat, and shall receive from the master the declaration specified in the foregoing rule.

13. If any vessel shall be prevented, by stress of weather, or by being in distress, from landing or depositing such explosives in excess of the quantity allowed as aforesaid, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matteenbrooj Ghât, and the master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

14. Masters of vessels outward bound who may require ship's gunpowder for their outward voyage shall not take such powder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding 15 lbs of common gunpowder in addition to 12 rockets and 12 blue-lights.

15. Masters of vessels who have deposited ship's powder at the magazine shall inform the Harbour Master of the date on which the vessel will pass the magazine outward bound, and on receipt of this information orders shall be forwarded to the keeper to place the powder in the boat and send it off in such time as to avoid any detention of the outward-bound vessel. Before taking the powder on board, the receipt granted by the magazine-keeper shall be given up.

16. Boats shall be permitted to take on board at the Moyapore magazine and bring as far as Neemuck Mehal Ghât, under cover of passes to be granted by the Commissioner of Police and the Port Commissioners, 50 lbs of trade gunpowder, the property of dealers and consignees.

17. Delivery of trade powder into boats at the Moyapore magazine for conveyance to Calcutta shall only be granted upon orders issued by the Port Commissioners.

18. No boat containing powder under the provisions of Rules 17 and 18 shall be allowed to proceed above Neemuck Mehal Ghât. All such powder shall be landed at Neemuck Mehal Ghât, and no powder shall be landed at any other ghât, except with the special permission of the Port Commissioners.

19. No smoking, and no fire or light of any description, except the red lamp between sunset and sunrise, shall be permitted on board of any boat having explosives on board.

20. No explosives shall be landed within the port at any time when artificial lights are required to be used.

21. Masters of vessels having on board explosives belonging to the following classes, as laid down in the rules prescribed in the notification of the Government of India, Home Department, No. 1417, dated 24th June 1887, must make their own arrangements for the discharge of the explosives :—

CLASS 2.—Nitrate mixture.

„ 3.—Nitro compound.

„ 4.—Chlorate mixture.

„ 5.—Fulminate.

22. Explosives of the classes specified in the foregoing rule shall not be landed at the Moyapore magazine, and shall only be allowed to enter and pass through the port under the supervision of the Port Police and subject to such restrictions as may from time to time be ordered by the Commissioner of Police and the Port Commissioners in addition to the restrictions laid down in the rules promulgated by the Government of India under Notification No. 1417, dated 24th June 1887.

23. Boats containing explosives of the classes specified in the two foregoing rules shall in no case anchor within port limits, or be made fast at any part of the river bank or alongside any vessel, stage, jetty, or pier within the limits of the port. Such boats, if allowed to enter port, shall proceed direct through the port to the place licensed by the Local Government for the landing and storage of the explosives.

NOTIFICATION—No. 238Mns.

The 9th September 1890.—In exercise of the powers conferred upon him by section 6 of Act X of 1889 (the Indian Ports Act), the Lieutenant-Governor intends to make the following rules under sub-section 1, clause (c) of that section for regulating the employment of persons engaged in cleaning or painting vessels, or in working in the bilges, boilers, or double bottoms of vessels in the Port of Calcutta. The rules will be taken into consideration on the expiry of one month after their first publication in the *Calcutta Gazette*, and the Local Government will receive and consider any suggestions or observations that may be made concerning them before the expiry of that period.

During the months of April to October no European seaman or apprentice shall be employed during the hot hours of the day upon work necessitating direct exposure to the sun.

Masters of vessels requiring work to be performed in bilges, boilers, and double bottoms shall be responsible that such places are free from all dangerous and obnoxious gases, &c., before the men are sent to work in them.

Unnecessary exposure to sun prohibited.
Precautions in working in bilges, boilers, or double bottoms.

Before sending seamen, apprentices, or labourers into the holds of vessels, the hatches of which have been closed for over 12 hours, precautions shall be taken, especially with vessels loading grain in the rainy season, to ascertain by lowering a light the state of the air in the hold. A rope shall be fastened to the first man sent down, and the same precaution shall be taken in any case where men are sent below to assist in the rescue of men who have become insensible when working in a hold, fore-peak, or locker in which foul air may have collected or noxious gases may have been generated.

NOTIFICATION.

The 15th September 1890.

The following rule, made by the High Court of Judicature at Fort William in Bengal under section 652 of the Code of Civil Procedure (Act X of 1882), is published for general information.

By order of the High Court,

H. W. C. CARNDUFF,

Offg. Registrar.

HIGH COURT, ENGLISH DEPT., CIVIL, the 15th September 1890.

CIVIL.

No. , dated the August 1890.

After Rule 5, Clause (d), Chapter I, at page 7 of the General Rules and Circular Orders (Civil) insert the following:—

5A. [Chapter XIX, Civil Procedure Code, execution of decrees.—C. O. No. of August 1890].—The High Court has much reason to believe that the Civil Courts not infrequently “strike off” cases relating to the execution of decrees more for the sake of causing the disappearance of a particular case from periodical returns of pending cases than as a proper order putting an end to an application for execution. It has also been found that such cases are not infrequently restored to the files without any special reason, except an acknowledgment that the former order was merely formal. Such a practice cannot but be regarded as an attempt to misrepresent the state of business before a Court, and will subject any officer to punishment. The Judges are aware that, from pressure of business in the trial of original suits, Subordinate Judicial officers are in great difficulty in keeping their execution files under proper control, but the High Court must insist upon greater regularity in dealing with cases of execution, for which one day in every week should be specially reserved.

Proceedings connected with the execution of a decree should be dealt with under the same procedure as original suits, and cannot be put an end to or revived save under the procedure expressly laid down by law.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

[Third Publication.]

NOTIFICATION—No. 227 Marine.

The 3rd September 1890.—In exercise of the power conferred by section 5 of the Indian Explosives Act, IV of 1884, the Lieutenant-Governor of Bengal is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the transport and importation of explosives in the Port of Calcutta.

These rules are supplementary to the rules relating to the transport and importation of explosives made by the Governor-General in Council, and published under Home Department Notification No. 1417, dated the 24th June 1887.

J. M. McNEIL, Col., R.E.,
Secretary to the Government of Bengal.

N. B.—“Explosive” as defined in section 4, Act IV of 1884, and as used in these rules—

- (a) means gunpowder, nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect; and
- (b) includes fog-signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions, and every adaptation or preparation of an explosive as above defined.

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosive, as defined in section 4, Act IV of 1884, except 15 lbs common gunpowder in addition to 12 rockets and 12 blue-lights. All explosives which

vessels are by this rule permitted to keep on board shall be stored in a copper magazine, out of risk of fire and explosion.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of 15lbs of common gunpowder, in addition to 12 rockets and 12 blue-lights, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port which shall have on board any explosive in contravention of these rules shall be liable to a fine which may extend to the sum mentioned in clause (a) or clause (b), as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

3. Explosives of classes 1, 6, and 7, as laid down in the rules issued under Government of India Notification No. 1417, dated 24th June 1887, that is to say, gunpowder, ammunition and fire-works in excess of the quantity prescribed in Rules 1 and 2, shall be landed and deposited in the magazine at Moyapore.

4. For the convenience of vessels having ship's gunpowder on board, a properly constructed powder-boat will be always in attendance off the magazine for landing and shipping the powder. No charge will be made for the use of the boat for landing ship's powder, but the responsibility of the keeper in respect of the ship's powder shall not commence until it is landed on the bank, and shall cease as soon as it is shipped on board the boat. Every precaution will be taken to insure the safety of the powder while in the boat, but the landing and shipping shall be at the risk of the vessel.

5. Vessels bringing consignments of trade explosives shall be allowed the use of the magazine boat; but should passing vessels require the use of the boat to put out or take in ship's powder, such vessel shall be accommodated before the boat can be used to discharge explosives brought as cargo. The landing of such consignments, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing or until the consignments are stored in the magazine.

6. Explosives specified in the first division, class 6 of the rules, published under Government of India's Notification No. 1417, dated 24th June 1887, viz., safety cartridges, safety fuses for blasting, railway fog-signals, and percussion caps, brought as part of a general cargo, and which have been placed on board the vessels while lying in dock at ports of shipment, may be brought into port and landed at the docks or jetties in accordance with the regulations prescribed in that behalf in the Port Commissioners' Bye-laws.

7. In order to avoid unnecessary detention, masters of vessels requiring the use of the powder-boat shall hoist a flag at the foretopmast head on coming in sight of the magazine as a signal to the keeper to have the boat and coolies in attendance.

8. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ships' gunpowder previously to their being landed: if not marked, they shall not be received by the magazine boat.

9. Explosives shall not be landed or received into, or delivered from, the magazine when artificial lights are required to be used.

10. The magazine-keeper shall give to the master of any vessel landing explosives at the magazine a receipt for the number of packages, and the magazine-keeper shall be accountable to such master for the re-delivery of such packages.

11. Before entering the limits of the port, the master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive exceeding the quantity prescribed in these rules.

12. A clerk shall be always in attendance in the powder-boat, and shall receive from the master the declaration specified in the foregoing rule.

13. If any vessel shall be prevented, by stress of weather, or by being in distress, from landing or depositing such explosives in excess of the quantity allowed as aforesaid, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matteabrooj Ghât, and the master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

14. Masters of vessels outward bound who may require ship's gunpowder for their outward voyage shall not take such powder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding 15lbs of common gunpowder in addition to 12 rockets and 12 blue-lights.

15. Masters of vessels who have deposited ship's powder at the magazine shall inform the Harbour Master of the date on which the vessel will pass the magazine outward bound, and on receipt of this information orders shall be forwarded to the keeper to place the powder in the boat and send it off in such time as to avoid any detention of the outward-bound vessel. Before taking the powder on board, the receipt granted by the magazine-keeper shall be given up.

16. Boats shall be permitted to take on board at the Moyapore magazine and bring as far as Neemuck Mehal Ghât, under cover of passes to be granted by the Commissioner of Police and the Port Commissioners, 50lbs of trade gunpowder, the property of dealers and consignees.

17. Delivery of trade powder into boats at the Moyapore magazine for conveyance to Calcutta shall only be granted upon orders issued by the Port Commissioners.

18. No boat containing powder under the provisions of Rules 17 and 18 shall be allowed to proceed above Neemuck Mehal Ghât. All such powder shall be landed at Neemuck Mehal Ghât, and no powder shall be landed at any other ghât, except with the special permission of the Port Commissioners.

19. No smoking, and no fire or light of any description, except the red lamp between sunset and sunrise, shall be permitted on board of any boat having explosives on board.

20. No explosives shall be landed within the port at any time when artificial lights are required to be used.

21. Masters of vessels having on board explosives belonging to the following classes, as laid down in the rules prescribed in the notification of the Government of India, Home Department, No. 1417, dated 24th June 1887, must make their own arrangements for the discharge of the explosives :—

CLASS 2.—Nitrate mixtures.

„ 3.—Nitro compound.

„ 4.—Chlorate mixture.

„ 5.—Fulminate.

22. Explosives of the classes specified in the foregoing rule shall not be landed at the Moyapore magazine, and shall only be allowed to enter and pass through the port under the supervision of the Port Police and subject to such restrictions as may from time to time be ordered by the Commissioner of Police and the Port Commissioners in addition to the restrictions laid down in the rules promulgated by the Government of India under Notification No. 1417, dated 24th June 1887.

23. Boats containing explosives of the classes specified in the two foregoing rules shall in no case anchor within port limits, or be made fast at any part of the river bank or alongside any vessel, stage, jetty, or pier within the limits of the port. Such boats, if allowed to enter port, shall proceed direct through the port to the place licensed by the Local Government for the landing and storage of the explosives.

Amended particulars of shoal ground eastward of Proudfoot shoal.

With reference to Notice to Mariners No. 107, dated the 29th July last, issued by this Office, the following amended particulars of shoal ground eastward of Proudfoot shoal have been received from the British Admiralty (No. 445 of 1890):—

- (1.) A pinnacle rock, composed of coral, about 50 yards in diameter, and with a depth of 4 $\frac{1}{2}$ fathoms on it at low water, is situated with Booby island bearing S. 74° E., distant 17 $\frac{1}{2}$ miles.

Position, on Admiralty Chart, No. 2354, lat. 10° 30' 15" S., long. 141° 38' 15" E.

- (2.) A small patch, with a depth of 6 fathoms on it at low water, is situated S.W. $\frac{1}{4}$ S., nine-tenths of a mile from pinnacle rock (1).

- (3.) A patch with a depth of 6 $\frac{1}{2}$ fathoms on it was found S. by W. $\frac{1}{4}$ W., 1 $\frac{1}{2}$ miles from pinnacle rock (1).

- (4.) A patch with a depth of 4 fathoms on it is situated S.W. by W. $\frac{1}{4}$ W., 1 $\frac{1}{10}$ miles from pinnacle rock (1).

Around and between the above there is a level bottom, with depths of 8 to 9 fathoms.

Patch (4) with a depth of 4 fathoms on it is W. by N. $\frac{1}{4}$ N. 3 $\frac{1}{2}$ miles from the rock, with about 18 feet on it, reported in Admiralty Notice to Mariners No. 243 of 1890, 15 miles W. by N. of Booby island, and it is not improbable that the two are identical, as H.M.S. *Rambler* was directed to verify the former report.

DHANESH CHUNDER ROY, *Persl. Asst. to Commr., for Commr.*

PATNA COMM'R.'S OFFICE, BANKIPORE, the 6th September 1890.

NOTIFICATION.

In accordance with the Government of Bengal Notification of the 23rd July 1887, notice is hereby given that the next Half-yearly Examination of Compounders will be held at 7 A.M. on Monday, the 10th November 1890, at the Temple Medical School, Patna.

2. Every candidate must produce one of the following certificates:—

- (a) From the Superintendent of a Vernacular Medical School that he has attended regularly for one year the compounder class of the school; or
- (b) From the legally-qualified Medical Manager of a Chemist's or Druggist's establishment, recognized by the Inspector-General of Civil Hospitals, Bengal, that he has been apprenticed for a period of three years in his establishment; or
- (c) From a Civil Surgeon that he has assisted in the dispensing of drugs at the Sudder dispensary of a civil station for a period of five years.

Exception.—Any person who, at the time of the extension of section 252 of Act III (B.C.) of 1884 to any municipality, shall have acted as compounder for the seven years preceding in any shop or place of the kind referred to in the above section shall, on producing a satisfactory certificate to this effect, be exempted from producing a certificate of the kind referred to in this rule.

3. Applicants must register their names and submit their certificates, together with a fee of Rs. 3, at least one week before the 10th November 1890, at the Office of the undersigned.

Exception.—The students belonging to the compounder class of a Vernacular Medical School will be exempted from paying this fee on producing a certificate from the Superintendent that they have already paid the school entrance fee.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

N. B.—The attention of candidates is drawn to Rule 5, section (b) of the Government Notification of the 23rd July 1887, or paragraph 2 (b) of this Notification, from which they will observe that the Chemists' or Druggists' establishments, from the legally-qualified Medical Managers of which they obtain their certificates, will have to be recognized by the Inspector-General of Civil Hospitals, Bengal, prior to the candidates' applying to the Superintendent to register their names to appear at the examination.

NOTIFICATION.

GENERAL DEPARTMENT.

Bombay Castle, 20th September 1890.

No. 3796.—In exercise of the power conferred by Act I of 1870, the following Rules for Quarantine against Cholera have been made by the Government of Bombay with the previous sanction of the Governor-General in Council: they have effect from the 16th instant in the Ports of Aden, Perim, and the Somali Coast as a temporary measure:—

I.—The commander of every vessel, including buggalows or other native craft, arriving from Massowa shall, before entering the harbour, indicate by signal the port from which such vessel has come.

II.—Such commander shall not, except as hereinafter provided, allow any communication either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.

III.—Immediately on arrival the commander shall cause the letter R of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorized by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall go alongside the vessel and, after all necessary enquiries, shall direct the commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in Rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is, besides, in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—

After eight days of voyage	six days of quarantine.
Do. nine ditto	five ditto.
Do. ten ditto	four ditto.
Do. eleven ditto	three ditto.
Do. twelve ditto	two ditto.
Do. thirteen ditto and upwards	twenty-four hours of quarantine.

V.—If during the period a vessel is at the quarantine anchorage aforesaid any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spot as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores, and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden, Perim, and the Somali Coast, which may have communicated with vessels coming from Massowa, shall be subjected to the same quarantine as vessels arriving at Aden, Perim, and the Somali Coast from Massowa.

X.—All vessels which have undergone quarantine in the manner above prescribed should have the fact clearly stated on their bills of health.

By order of His Excellency the Right Hon'ble the Governor in Council,

J. NUGENT,

Chief Secretary to Government.

Amended particulars of shoal ground eastward of Proudfoot shoal.

WITH reference to Notice to Mariners No. 107, dated the 29th July last, issued by this Office, the following amended particulars of shoal ground eastward of Proudfoot shoal have been received from the British Admiralty (No. 445 of 1890):—

- (1.) A pinnacle rock, composed of coral, about 50 yards in diameter, and with a depth of $4\frac{1}{2}$ fathoms on it at low water, is situated with Booby island bearing S. 74° E., distant $17\frac{1}{2}$ miles.

Position, on Admiralty Chart, No. 2354, lat. $10^{\circ} 30' 15''$ S., long. $141^{\circ} 38' 15''$ E.

- (2.) A small patch, with a depth of 6 fathoms on it at low water, is situated S.W. $\frac{1}{2}$ S., nine-tenths of a mile from pinnacle rock (1).

- (3.) A patch with a depth of $6\frac{1}{2}$ fathoms on it was found S. by W. $\frac{1}{2}$ W., $1\frac{1}{2}$ miles from pinnacle rock (1).

- (4.) A patch with a depth of 4 fathoms on it is situated S.W. by W. $\frac{1}{2}$ W., $1\frac{1}{2}$ miles from pinnacle rock (1).

Around and between the above there is a level bottom, with depths of 8 to 9 fathoms.

Patch (4) with a depth of 4 fathoms on it is W. by N. $\frac{1}{2}$ N. $3\frac{1}{2}$ miles from the rock, with about 18 feet on it, reported in Admiralty Notice to Mariners No. 243 of 1890, 15 miles W. by N. of Booby island, and it is not improbable that the two are identical, as H. M. S. *Rambler* was directed to verify the former report.

Amended particulars of shoal ground eastward of Proudfoot shoal.

WITH reference to Notice to Mariners No. 107, dated the 29th July last, issued by this Office, the following amended particulars of shoal ground eastward of Proudfoot shoal have been received from the British Admiralty (No. 445 of 1890):—

- (1.) A pinnacle rock, composed of coral, about 50 yards in diameter, and with a depth of $4\frac{1}{2}$ fathoms on it at low water, is situated with Booby island bearing S. 74° E., distant $17\frac{1}{2}$ miles.
Position, on Admiralty Chart, No. 2354, lat. $10^{\circ} 50' 15''$ S., long. $141^{\circ} 38' 15''$ E.
- (2.) A small patch, with a depth of 6 fathoms on it at low water, is situated S.W. $\frac{1}{4}$ S., nine-tenths of a mile from pinnacle rock (1).
- (3.) A patch with a depth of $6\frac{1}{2}$ fathoms on it was found S. by W. $\frac{1}{4}$ W., $1\frac{1}{2}$ miles from pinnacle rock (1).
- (4.) A patch with a depth of 4 fathoms on it is situated S.W. by W. $\frac{1}{4}$ W., $1\frac{1}{2}$ miles from pinnacle rock (1).

Around and between the above there is a level bottom, with depths of 8 to 9 fathoms.

Patch (4) with a depth of 4 fathoms on it is W. by N. $\frac{1}{4}$ N. $3\frac{1}{2}$ miles from the rock, with about 18 feet on it, reported in Admiralty Notice to Mariners No. 243 of 1890, 15 miles W. by N. of Booby island, and it is not improbable that the two are identical, as H. M. S. *Rambler* was directed to verify the former report.

NOTIFICATION.

GENERAL DEPARTMENT.

Bombay Castle, 3rd October 1890.

No. 3990.—In exercise of the power conferred by Act I of 1870, the following rules for quarantine against cholera have been made by the Government of Bombay with the previous sanction of the Governor-General in Council: they have effect from the 16th ultimo in the ports of Aden, Perim, and the Somali coast as a temporary measure :—

I.—The commander of every vessel, including buggalows or other native craft, arriving from ports between the 19° north latitude and Ras Sijan (Siyan) on the African coast shall, before entering the harbour, indicate by signal the port from which such vessel has come.

II.—Such commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.

III.—Immediately on arrival the commander shall cause the letter B of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorised by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the

Health Officer shall go alongside the vessel, and, after all necessary enquiries, shall direct the commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is besides in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—

After eight days of voyage	Six days of quarantine.
Do. nine ditto	Five ditto.
Do. ten ditto	Four ditto.
Do. eleven ditto	Three ditto.
Do. twelve ditto	Two ditto.
Do. thirteen ditto	and upwards	...	Twenty-four hours of quarantine.

V.—If during the period a vessel is at the quarantine anchorage aforesaid any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores, and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden, Perim, and the Somali coast, which may have communicated with vessels coming from ports between the 19° north latitude and Ras Sijan (Siyan) on the African coast, shall be subjected to the same quarantine as vessels arriving at Aden, Perim, and the Somali coast from the said ports.

X.—All vessels which have undergone quarantine in the manner above prescribed should have the fact clearly stated on their bills of health.

By order of His Excellency the Right Honourable the Governor in Council,

J. NUGENT,

Chief Secretary to Government.
